The midterm and final exams are a combination of short-answer and essay type questions with some choice in questions answered. Students who miss the midterm exam due to a documented absence (e.g., doctor's note) must write the make-up exam, which will occur 2 weeks later. Please note that there is no choice on the make-up exam.

The 15 page essay (i.e., 15 double space pages with normal margins and 12 point type, not including bibliography) will analyze primary and secondary sources specified by me on an aspect of the theories of one of the authors discussed in the course. I will only accept late essays during lectures or my office hours and there are no extensions. The penalty for lateness is 5% on March 20, 10% on March 27, and 15% on April 3.. Late essays are not eligible for remarking. All students must hand in two copies of the essay. You must also be prepared to give me a digital copy for submission to Turnitin upon my request.

Presentation marks are given for a 1 page presentation (12 point, double-spaced, normal margins given to me before the presentation) on designated pages from an author during one seminar period for a potential 4 marks and **the right to get one participation mark for a comment or question per seminar** (which take place between 9:10 and 10:00 AM in the

classroom prior to the lecture) up to a maximum of 6 marks for six seminars. Students will sign up for their presentation day per term in the first class of each term. If you miss your presentation, you must provide documentation of a legitimate reason, submit your original presentation, and do a replacement presentation that I will assign.
