

# **ECO101H1-S (L0101)**

## **Principles of Microeconomics**

### **2019 Summer**

#### **Instructor Contact Information:**

---

Name: Michael Ho  
Office hours: 2 Hours on Monday & 2 Hours on Friday Every Week (Time & Location TBA)  
Email: michaelhc.ho@utoronto.ca  
Day & Time: Tuesday 12-2pm, Wednesday 5-7pm, & Thursday 5-7pm in SF 1105  
Lectures: July 2, 3, 4, 10, 11, 17, 18, 24 (Mid-term), 25, & 31; August 1 & 7  
Tutorials: July 9, 16, 23, & 30; August 6 & 8  
Course website: Quercus

#### **Course Description:**

---

An introduction to economic analysis and its applications: price determination, market structure, decision making by individuals and firms, public policy.

**NOTE:** Extensive use of graphical and quantitative analysis.

#### **Prerequisite & Exclusions:**

---

Exclusion: ECO100Y1, ECO105Y1

#### **Required Course Package:**

---

Microeconomics (Third Canadian Edition) by P. Krugman, R. Wells, I. Au, and J. Parkinson. Worth (2018).

Sapling Online Assessment

#### **Course Materials:**

---

Course outline and past test/exam (questions only) will be posted on Quercus.

## **Evaluation and Grading:**

---

Sapling	15%
Mid-term July 24	35%
Final Examination (between August 15 and 22)	50%

Mid-term is scheduled with a duration of 90 minutes. Final Examination is cumulative and will be held during August examination period with a duration of 3 hours.

Re-reads of Mid-term will be granted if the test is written in pen and the request submitted to me within one week after the test has been returned in class as students need to know their relative position as early as possible before last day to drop S courses without academic penalty and have them removed from the transcript (July 29). In addition to this, you must include in writing and with specificity, your question or concern with the grading. Please be advised that re-read and re-mark may result in upward or downward revision. Addition errors will, of course, be corrected on the spot.

## **Policy on Missed Mid-term:**

---

Students missing a test will automatically receive a zero unless with legitimate reason as stipulated in the Faculty of Arts & Science Calendar with valid supporting document submitted, then they must write the makeup Mid-term scheduled on August 2 (Friday morning).

## **Important:**

---

This course is constructed around the textbook (Third Canadian Edition) and the responsibility of the instructor is to specify the best source of information for the students to prepare for this course. This is a demanding course and there is a considerable amount of preliminary reading that should be done before each lecture. It would be difficult to do well if one falls behind in covering the required reading materials. Hence, students are expected to (i) read the relevant chapter(s) in the textbook before each lecture in order to follow the lecture discussion; and (ii) attend every lecture and tutorial because a significant portion of the Mid-term and the Final Examination will be comprised of lecture and tutorial discussion.

Communication in email must be done through **UTOR** email account for record-keeping and identification purposes as required by the University. Please put “**ECO101**” in the message title as this will help draw my attention to your email. Questions in any email should not require more than two sentences to answer. For any question that involves more than two sentences to answer, or requires equation or graph, should be discussed in person either in class with me or office hours with our TAs. Since there are limits to how much time can be devoted to answering email, questions already covered in the syllabus or announcements (in class or on Quercus) will not get response. Students should not take email as a means to receive private tutorials or review material that was covered in lecture or tutorial that they missed.

## Topics:

---

1. Introduction	Chapters 1 & 2
2. Demand, Supply, & Equilibrium	Chapter 3
3. Consumer & Producer Surplus	Chapter 4
4. Elasticity	Chapter 6
5. Government Intervention	Chapters 5 & 7
6. Decision Making by Individuals & Firms	Chapter 9
7. Rational Consumer Behaviour & Demand Curve	Chapter 10
8. Inputs, Costs, & Supply Curve	Chapter 11
9. Perfect Competition	Chapter 12
10. Monopoly	Chapter 13
11. Monopolistic Competition	Chapter 15
12. Oligopoly	Chapter 14
13. International Trade	Chapter 8

## Academic Misconduct:

---

Students should note that copying, plagiarizing, or other forms of academic misconduct (cheating in any test or examination) will not be tolerated. Any student caught engaging in such activities will be subject to academic discipline ranging from a mark of zero on the assignment, test or examination to dismissal from the University as outlined in the Faculty of Arts & Science Calendar. Any student abetting or otherwise assisting in such misconduct will also be subject to academic penalties.
